We are Matt & Cheryl Peters, local missionaries serving children, youth and families here in Winnipeg. We started Wilderland Adventure Company in 2018 to provide impactful outdoor experiences for youth and families to connect with each other, the great outdoors, and have an encounter with Jesus. As summer camps remain closed this year, we felt we could continue to serve Manitoba with hassle free and affordable guide led outdoor adventures. We want to extend this resource to our local church & ministries to use for Kingdom outreach. If cost of our tours is a barrier to you, please contact us and we can have a conversation and strike a balance to ensure we can get your group outdoors. We continue to live by faith and by coming on a life-changing tour with us, you enable us to earn a living in these financially difficult times AND you provide an opportunity for local Christian outdoor leaders to gain valuable outdoor ministry leadership experience this summer!
